1999-Graduation (Medical Degree) from the University of Thessalia, Medical School.

2007-Defended my thesis titled "Hyperalgesia in rats after fentanyl treatment; the role of ketamine" (Intracellular recordings from hippocampus) and was awarded a PhD degree from the Medical School of Thessalia, Greece-Grade excellent.

1/2009-4/2009: Clinical Fellowship in Neuroanaesthesia, Department of Anesthesiology, University of California at Irvine (UCI).

2/2010: Clinical Fellowship in Neuroanesthesia, Policlinico Umbertoo,"La Sapienza" Rome.

5/2016-today: Assistant Professor of Anatomy, School of Medicine, Faculty of Health Sciences, Aristotle University of Thessaloniki.

### **Clinical experience as a certified anesthesiologist**

5/2005: Successfully passed the Anesthesiology Board examinations in Greece and qualified as a Specialist in Anesthesiology.

6/2005-6/2006: Consultant Anesthesiologist at the University Hospital of AHEPA.

9/2006-1/2007: Consultant Anesthesiologist at "G.Papageorgiou" G.Hospital.

1/2007-8/2008: Subspecialization in Intensive Care Unit (St.Paul G.Hospital).

8/2008-5/2016: Consultant Anesthesiologist at G.Papanikolaou G.Hospital.

11/2016-today: Consultant Anesthesiologist at Assistant Nature Reproductive Clinic.

2/2021-today: Consultant Anesthesiologist at Cardiothoracic Department, School of Medicine, Faculty of Health Sciences, Aristotle University of Thessaloniki.

### **Educational Activity**

Lectured the subject of "Pharmacology I" at the Medical School of Thessaly.

Ass. Professor of Anatomy, School of Medicine, Faculty of Health Sciences, AuTh.

6 Postgraduated Courses

I joined the AUSoM Faculty as an Assistant Professor in Anatomy in 2016.

Career milestones: I was appointed as Consultant Anesthesiologist at Cardiothoracic Department, Auth.

I have authored 24 full text manuscripts published in peer-reviewed journals indexed in Pubmed with an h-index of 11 and over 400 citations. I have authored 1 book chapter and served as Editorial Board member for 12 peer-reviewed journals.

My research activities focus on neuroanesthesiology and cardiothoracic anesthesiology and on research in clinical anatomy. I was co-investigator in one multicenter international clinical study (Pinocchio trial) and I am the principal investigator in two other clinical trials.
