Dr Ioannis Vakalopoulos graduated as a Doctor of Medicine from University of Patras/Greece in 1989 with grade Excellent. He completed his residency in Urology in Hippokration General Hospital of Thessaloniki in 1997. From February of 1998 until July of 1999 was attending as a clinical fellow for six months in Andrology and for 12 months in Neurourology-Gynecourology at the Institute of Urology & Nephrology UCL, The Middlesex Hospital London UK. He also attended brief educational programs on Andrology and Prosthetic Urology in Germany and USA. On 1998 became Fellow of European Boards of Urology (FEBU). On 2000 got his PhD Diploma with grade Excellent from Medical School of Aristotle University of Thessaloniki. On 2014, he became Fellow of the European Committee of Sexual Medicine (FECSM). From 2005, when he was first elected in the degree of Lecturer in Urology up today, is a full time faculty member of Medical School of Aristotle University, currently in the degree of Associate professor of Urology-Andrology and he is practicing in the A' Department of Urology in "G.Gennimatas" General Hospital of Thessaloniki/Greece. From these positions, he is participating in pre and postgraduate teaching of Urology-Andrology and in training of general Urology residents and Andrology fellows.

His research interests are in the field of Andrology and especially male infertility, male sexual dysfunction, prosthetic urological surgery, male and female incontinence and neurourology and urodynamics. He has 45 full publications in peer review journals with 425 citations and 11 h Index. He also has 14 publications of abstracts in peer review journals with total Impact Factor 171 and two chapters in books. He is a frequent reviewer in several peer review journals and Associate editor in Journal of Medical Case Reports and Sectional Editor in HIPPOKRATIA journal.

Dr Vakalopoulos is a member of British Medical Council Specialists Register, an active member of European Association of Urology, European Society for Sexual Medicine and International Society of Andrology and currently is the President of Hellenic Association of Andrology and Vice President of Urologic Association of North Greece.
