

BRIEF CURRICULUM VITAE

TSAKALIDIS CHISTOS, MD, PhD

Title: Associate Professor of Neonatology, School of Medicine, Faculty of Health Sciences, Aristotle University of Thessaloniki, Greece

Department: 2nd Neonatal Department and NICU

Hospital: General Hospital "Papageorgiou"

Address: Ring Road, Nea Efkarpia

Thessaloniki, Greece

56403

Email: tsakalidisx@gmail.com

Tel: 2313323360

Medical Degree: Patras Medical School, Greece 1992

PhD Diploma: 2004 Medical Faculty, Aristotle University of Thessaloniki, Title: "New indications for surfactant replacement therapy in newborns with respiratory problems"

Post education abroad: After receiving education leave by the Aristotle University of Thessaloniki for the period from July 28th 2008 to 13th January 2009, I was trained at the Neonatal Intensive Care Unit of the Department of Paediatrics of Radboud University, Nijmegen Medical Centre, in the Netherlands under the guidance of K.D. Liem, MD, PhD, Chairman of the Department of Neonatology and Associate Professor. The Neonatal Intensive Care Unit of Nijmegen Children's University Hospital provides high quality medicine and operational care to neonates with very complicated problems and constitutes a reference centre for Extracorporeal Membrane Oxygenation (ECMO).

In May 2004 I acquired the specialty of Paediatrics. I worked as research fellow at B' Neonatal Intensive Care Unit of Aristotle University of Thessaloniki from June 2004 to September 2005 and actively participated in all the activities of the Clinic. Since 2005 I am employed by the same Unit. General Hospital of Thessaloniki "Papageorgiou", 2nd

Department of Neonatology, AUTH, Ring Road, Nea Efkarpia, Thessaloniki, 56249, Greece.

In particular, my clinical work consists of:

- The active participation in the clinic's on calls.
- Confrontation of neonatal respiratory issues with conventional and modern mechanical support methods of the respiration and with particular interest in neonates with very low birth weight.
- Supervision and close monitoring of the clinical intervention of resident and specialized paediatricians.
- Supervision of the application of protocols.
- Intervention in the delivery room.
- Clinical and scientific visit to the unit on a daily basis.

Teaching work to a. students, b. postgraduate studies programs, c. doctors, d. midwives – nurses, e. Thessaloniki National Emergency Aid Centre (EKAB).

Participation in a three-member Committee regarding 5 Doctoral Theses, 3 out of which I am the supervisor for.

Participation in the writing of 8 textbooks.

7 suggestions of auditor in International Congresses.

22 suggestion of auditor in Seminars – Round Tables – Clinical Centers – Scientific Companies.

Participation in 4 multi-centre studies.

38 full publications in the International Medical Press.
